

Social Networking Apps Uncovered

Application:

Synopsis:

Whisper is a social network application, which allows people from all over the world to anonymously post their thoughts and feelings like a giant online confessional.

You upload a picture and add a caption to this expressing your thoughts. This app also allows you to find out what other people in your area, school or place of work are feeling by entering some search criteria.

Possible Concerns:

The problem with telling a secret anonymously is that it is never really stays that anonymous.

This site could be used to upload inappropriate images and thoughts
